HDP Former Ref. No. 2171-000149
Our Ref. No. 10970-009

Dear Stan:

In June of this year I had forwarded a letter to you requesting assistance in the above-identified matter. I would like to thank you for having someone at HDP call me and advise that no copy of the missing office action was found. Based upon that, I had petitioned with the Patent Office to withdraw a holding of abandonment for failure to respond in this matter. Unfortunately, that petition was denied on the basis that copies of records of HDP were not provided to indicate that no office action was received. It is in this regard that I would like to request your assistance.

In order to be able to resubmit the petition, I need to have a statement from someone at HDP that the file jacket had been transferred to me and, therefore, that HDP cannot conduct a search of the file jacket in an effort to locate the office action. The second item that the patent office is requiring from me is a copy of the HDP docket records (where the non-received office action would have been entered had it been received and docketed). Please advise me if you are able to provide this information. For your convenience, I am listing the old HDP reference number above and I am attaching a copy of my prior letter. Thank you in advance for your assistance.

Sincerely,

Eric J. Sosenko
